He added that overall, the University surpassed the 34 point goal by achieving 35 total points within the BOG performance based funding scale, which, he added will determine the University’s incremental funding for the year.

President Rosenberg noted that while critical initiatives, such as FIU’s Strategic Land Acquisition Initiative is not included in the BOG metrics, the process has and continues to require substantial engagement in fundraising, outreach and/or lobbying efforts, within the confines of all applicable laws.

He stated that the cooperation enabled the BOG to provide input in the President’s evaluation process prior to Board of Trustees review. Board Chair Maury noted that as per the third amendment to Dr. Rosenberg’s contract, the Board may, in its discretion, annually award Dr. Rosenberg incentive compensation of up to $50,000 for the 2013-2014 academic year.
