1. Call to Order and Chair’s Remarks
The Florida International University Board of Trustees’ Governance Committee meeting was called to order by Board Chair Claudia Puig on Wednesday, February 26, 2020 at 11:34 a.m. at the FIU, Modesto A. Maidique Campus, Graham Center Ballrooms.

General Counsel Carlos B. Castillo conducted roll call of the Governance Committee members and verified a quorum. Present were Trustees Claudia Puig, Board Chair; Cesar L. Alvarez; Leonard Boord; and Gerald C. Grant, Jr.

Board Vice Chair Jose J. Armas was excused.

Trustees Dean C. Colson, Donna J. Hrinak, Natasha Lowell, T. Gene Prescott, Joerg Reinhold, Sabrina L. Rosell, Marc D. Sarnoff, and Roger Tovar and University President Mark B. Rosenberg were also in attendance.

Board Chair Puig welcomed all Trustees and University faculty and staff to the meeting.

2. Approval of Minutes
Board Chair Puig asked if there were any additions or corrections to the minutes of the Governance Committee meeting held on September 18, 2019. A motion was made and unanimously passed to approve the minutes of the Governance Committee meeting held on Wednesday, September 18, 2019.

3. Action Item
G1. Updated Exclusion Resolution and Designation of Key Management Personnel and Delegation of Authority
Provost and Executive Vice President Kenneth G. Furton presented the updated Exclusion Resolution and Designation of Key Management Personnel and Delegation of Authority for Committee review. Provost Furton explained that the composition of the FIU Board of Trustees has changed since the adoption of the September 5, 2018 Exclusion Resolution, and that accordingly, an update to the Exclusion Resolution was needed to reflect the current composition of the FIU Board of Trustees and the exclusion of those Board members, including the new Board of Trustees members, from the requirements for a personnel security clearance.
Provost Furton indicated that the named Board of Trustees members shall not require, shall not have, and can be effectively excluded from access to all classified information in the possession of FIU, and do not occupy positions that would enable them to adversely affect FIU’s policies or practices in the performance of classified contracts for the Department of Defense or other agencies of the National Industrial Security Program.

A motion was made and unanimously passed that the FIU Board of Trustees Governance Committee recommend that the Florida International University Board of Trustees adopt a Resolution that updates the exclusion of the named members of the FIU Board of Trustees from the requirements for a personnel security clearance.

4. Discussion Item
4.1 Southern Association of Colleges and Schools Commission on Colleges

The Committee welcomed Dr. Belle S. Wheelan, President of the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Dr. Wheelan provided an overview of accreditation in general and specifically of the SACSCOC. She explained that, founded in 1895, the Southern Association of Colleges and Schools is currently comprised of the Council on Accreditation and School Improvement (CASI) and the Commission on Colleges (COC). She added that the Commission on Colleges was founded in 1917 and was organized to develop standards and a process for accrediting colleges and universities in the South.

Dr. Wheelan explained that national accrediting agencies accredit institutions of higher education that have a single focus irrespective of location, that regional accrediting agencies accredit all aspects of an institution of higher education in specific regions, and that specialized or professional accrediting agencies accredit programs within institutions. She described the three purposes of regional accreditation, namely, to ensure continuous improvement and quality at an institution, to demonstrate to the general public that there is a set of standards to which an institution has demonstrated compliance, and to serve as the gatekeeper for federal financial aid.

Dr. Wheelan delineated the characteristics of regional accreditation and noted that there are six regional accrediting associations. She added that the Council of Regional Accrediting Commissions (C-RAC) is a collective of seven regional organizations responsible for the accreditation of approximately 3,000 of the nation’s colleges and universities. She provided an overview of C-RAC activities, noting that since it reconvened in 2010, the National Advisory Committee on Institutional Quality and Integrity (NACIQI) has been advising the U.S. Secretary of Education on matters concerning accreditation, the Secretary’s recognition process for accrediting agencies, and institutional eligibility for federal student aid, through the Committee’s public meetings.

Dr. Wheelan presented an overview of the SACSCOC’s governance structure, noting that the Appeals Committee is elected by the College Delegate Assembly to enable applicant, candidate, and member institutions to appeal adverse decisions taken by the SACSCOC Board. She pointed out that the thirteen-member Executive Council is the executive arm of the SACSCOC Board of Trustees and functions on behalf of the Board and the College Delegate Assembly between meetings. Dr. Wheelan indicated that Senior Vice President of Academic and Student Affairs Elizabeth M. Bejar serves as the Florida representative on the Executive Council. Dr. Wheelan explained that the standing committees of the SACSCOC Board of Trustees, the Committees
on Compliance and Reports, review applications for membership, reports prepared by off-site and on-site reaffirmation committees, and the institutional responses to those reports, and recommend action on those accreditation issues to the Executive Council.

1. Call to Order and Chair’s Remarks
The Florida International University Board of Trustees’ Governance Committee meeting was called to order by Board Chair Claudia Puig on Tuesday, April 21, 2020 at 9:24 a.m. via Zoom.

General Counsel Carlos B. Castillo conducted roll call of the Governance Committee members and verified a quorum. Present were Trustees Claudia Puig, Board Chair; Jose J. Armas, Board Vice Chair (joined late); Leonard Boord; and Gerald C. Grant, Jr.

Trustee Cesar L. Alvarez was excused.

Trustees Dean C. Colson, Donna J. Hrinak, Natasha Lowell, Joerg Reinhold, Sabrina L. Rosell, and Roger Tovar and University President Mark B. Rosenberg were also in attendance.

Board Chair Puig welcomed all Trustees and University faculty and staff to the meeting.

2. Action Items
G1. Florida International University Annual Accountability Plan, 2020
Provost and Executive Vice President Kenneth G. Furton presented FIU’s 2020 Accountability Plan for Committee review. He provided an overview of key institutional achievements and investments, namely, amplifying learner success and institutional affinity, accelerating preeminence and research and innovation impact, and assuring responsible stewardship. He explained that the aforementioned areas are in alignment with the University’s strategic plan.

Provost Furton delineated the outcomes of the University’s performance for the 2020 reporting year and proposed goals through 2023 in terms of the 10 Florida Board of Governors (BOG) Performance Based Funding Model metrics. He explained that while the University did not meet the targets pertaining to the median wages of bachelor’s graduates employed full-time one year after graduation and the academic progress rate, improvements over the prior year were achieved. He pointed out that the number of bachelor’s degrees awarded in areas of strategic emphasis decreased and therefore, the goal was not met.

Provost Furton explained that the BOG asked universities to select two performance indicators in the areas of teaching and learning and scholarship, research, and innovation, not already included in the Performance Based Funding section, which the universities wished to highlight. In terms of
teaching and learning, Provost Furton pointed out that FIU selected to highlight metrics pertaining to the six-year first-time-in-college graduation rates and the Pell recipient four-year graduation rate, noting that these were among the factors used by U.S. News & World Report’s in its college ranking calculations. In terms of scholarship, research, and innovation, he stated that FIU selected to highlight metrics relating to total research expenditures and number of licenses/options executed annually. He described the University’s enrollment planning, namely that only modest increases were planned at the graduate level and in distance learning as a percentage of total full-time equivalent enrollment.

Provost Furton described initiatives aimed at improving the University’s four-year graduation rate, namely, that the University continues to implement high-touch/high-tech strategies. He provided an overview of new academic programs for consideration in academic year 2020-21, indicating that said programs were in areas of strategic emphasis.

In response to Trustee Leonard Board’s inquiry, Provost Furton described the primary drivers directly contributing to the decreased average cost to the students, namely that students with state and federal aid in addition to strategic institutional aid in the form of retention and completion grants drove down the impact of net tuition and fees.

A motion was made and unanimously passed that the FIU Board of Trustees Governance Committee recommend that the Florida International University Board of Trustees (1) approve Florida International University’s Annual Accountability Plan as provided in the Board materials and (2) delegate authority to the University President to perform finish editing as needed and to amend consistent with comments received from the Board of Governors.

G2. President’s Management Review

Board Chair Puig noted that, as is required by BOG Regulation, she solicited input from BOG Chair Syd Kitson regarding University President Mark B. Rosenberg’s annual performance evaluation. She added that Chair Kitson provided positive feedback in terms of the University’s and President’s performance.

Provost Furton presented the University and President’s Performance Goals and Results Self-Evaluation Scorecard for the 2020 reporting year, providing an overview relating to the outcomes of the 10 BOG Performance Based Funding Model metrics. He indicated that the Scorecard demonstrates performance relative to the established goals and over the prior year’s outcomes. Provost Furton noted that the University achieved and/or exceeded seven of the 10 goals, explaining that while the University did not meet the objectives related to the median wages of bachelor’s graduates employed full-time within one year after graduation and the academic progress rate, improvements over the prior year were achieved. He added that goal pertaining to bachelor’s degrees awarded within programs of strategic emphasis was not met, noting that student areas of interest did not align with programs within areas of strategic emphasis.

Provost Furton explained that the University exceeded and/or far exceeded incentive goals related to increasing utility patents awarded, total research expenditures, and annual fundraising. He pointed out that while the target was not met, the number of doctoral degrees awarded increased by 29. President Rosenberg described significant events or milestones of major impact to the University,
namely the $5M gift from Trish and Dan Bell to build the interfaith chapel on the Modesto A. Maidique Campus and the launch of the public phase of the Next Horizon Capital Campaign with the highest annual fundraising year in FIU Foundation history. He pointed out that the University’s Department of Emergency Management earned accreditation and that also, having been renewed as an Ashoka Changemaker campus through 2023, FIU is one of only 45 colleges and universities globally who have this designation. President Rosenberg pointed out that the FIU Model United Nations Team ranked #1 in North America, that the College of Communication, Architecture + Arts developed the South Florida Media Network, and that FIU had the largest activation at the Miami Herald’s annual Silver Knights Award event. He added that FIU earned its first Conference-USA Institutional Excellence Award for posting the highest annual GPA in the conference and that FIU set a conference high of 246 student-athletes on the honor roll. He also provided a brief overview of high-profile visits during the 2018-19 fiscal year.

Trustee Boord requested that the Full Board be provided with the opportunity to engage in the process of setting the targets that will form the University President’s Incentive Goals for the 2020-21 academic year.

A motion was made and unanimously passed that the FIU Board of Trustees Governance Committee recommend for Board of Trustees’ approval a “Superior” performance rating to President Rosenberg for his leadership of Florida International University during the 2018-19 academic year.

In response to Chair Puig’s inquiry regarding Trustee Boord’s request, General Counsel Castillo explained that the 2020-21 Incentive Goals and the President’s Incentive Goals outcomes for 2018-19 are not part of the Committee’s items for review at the current time. Chair Puig pointed out that she and President Rosenberg discussed the President’s Incentive Goals outcomes for 2018-19 and the Committee’s review of the Incentive Goals to be proposed for 2020-21 and have agreed to postpone any related Committee action on these matters until a future meeting of the Governance Committee.

G3. University and President’s Performance Goals, 2020-2021
Provost Furton explained that the University and President’s Performance Goals for the 2020-21 academic year are included in the Accountability Plan, which the Committee reviewed earlier in the meeting. Given the uncertainties of the time, he pointed out that the BOG has advised of the likelihood of possible changes to the university Accountability Plans, namely to the proposed goals.

A motion was made and unanimously passed that the FIU Board of Trustees Governance Committee recommend that the FIU Board of Trustees adopt the University and President’s Performance Goals for the 2020-21 academic year as included in the Board materials.

Overview

Summary of Tentative BOT-UFF Agreement

Based upon our bargaining sessions during Spring 2020, the FIU Administration and the United Faculty of Florida-FIU have reached a tentative agreement on the following reopeners of the 2018-2021 Collective Bargaining Agreement. Both parties will move forward with scheduling ratification votes of the following items.

We have attached our response to the proposed contract language you presented to us last week. Both “sides” had previously agreed to reopen and bargain over: 1) Extended security of employment for non-tenure track faculty (initially in Appointment but then collectively agreed to focus on Non-Reappointment); 2) The Instructor/Senior Instructor/University Instructor to Assistant Teaching Professor/Associate Teaching Professor/Teaching Professor name change; 3) Removing 10.b.2 and creating compensatory language to alleviate Union concerns related to that potential change; and 4) Cleanup for the Differential Assignment Policy creation and approval process to ensure the CBA matches established practice. Many of the administration’s proposed changes relate to parts of the CBA that were neither officially re-opened nor discussed within the working groups we mutually created to facilitate (but not engage in) bargaining related to official reopeners. As such, our response focuses only on UFF-FIU and the administration’s previously established reopeners. We hope the continued focus on these areas will enable us to reach consensus and conclude our bargaining for this year. The remaining topics offered by the administration can be addressed in the near future when we open negotiations on the entire contract for 2021-2024.

The articles and policies have been placed in the order they appear in the CBA. Comments have been added for each edit in the document and summarized here.

ARTICLE 11
SALARIES

11.1 2018-2019 Salary Retention Increase. Effective upon the faculty contract date for academic year 2018-2019, all eligible employees who were employed prior to May 18, 2018 and who are continuously employed through August 13, 2018 and are not in receipt of a notice of termination or non-reappointment shall receive a one and half percent (1.50%) retention increase to their base salaries, with a minimum increase of $750.00.

11.2 2019-2020 Salary Increases Effective August 13, 2019, for the academic year 2019-2020, all eligible employees who were employed prior to January 7, 2019 and who are continuously employed through August 13, 2019 and are not in receipt of a notice of termination or non-reappointment shall receive a one percent (1.00%) retention increase to their base salaries with a minimum of seven hundred fifty dollars ($750). Additionally, eligible employees will receive a one-time bonus (not to be added to their base salaries) of one percent (1.0%) with a minimum of seven hundred fifty dollars ($750).

11.3 2020-2021 Salary Increases Effective August 12, 2020, for the academic year 2020-2021, all eligible employees who were employed prior to January 6, 2020 and who are continuously employed through August 12, 2020 and are not in receipt of a notice of termination or non-reappointment shall receive a one percent (1.00%) retention increase to their base salaries with a $750 minimum increase. This retention increase does not have any additional related contingencies.

The University shall provide merit funds totaling one percent (1.00%) of the total bargaining unit payroll as of the last full pay period of the 2019-2020 academic year on a pro rata basis to departments/units based on their payrolls as of the last full pay period of the 2019-2020 academic year. These funds shall be distributed to their base salaries employees within each department or academic unit consistent with the criteria and procedures set forth in the BOT-UFF Policy concerning Employee Performance Evaluation. If merit criteria apply to the entire college/school, the college/school is the unit. All employees are, or upon appointment will be, assigned to an existing department/unit. Additionally, all eligible employees who were employed prior to January 6, 2020 and who are continuously employed through August 12, 2020 and are not in receipt of a notice of termination or non-reappointment shall be eligible. All decisions will be made and communicated to faculty by September 15, 2020. This merit increase shall be contingent upon the University receiving new recurring funding legally available to be expended on faculty salary increases in excess of the prior year’s base funding for faculty salaries. If insufficient funding is received and/or additional recurring funding,
currently called “emerging preeminent funding,” becomes available to the University, this provision shall be void, and the parties shall re-open negotiations for 2020-2021 salary increases.

11.4 2018-2021 Convocation Awards. At the annual Faculty Convocation the FIU Board of Trustees or designee may provide to employees one-time awards totaling no more than 0.16% of the total employee payroll as of the end of the prior Academic Year for special achievements, including awards for teaching, research, service, mentorship, librarianship and advising, according to the selection procedures established by the Faculty Senate. No later than July 30 of each year, the University shall provide the local UFF chapter a listing of such awards showing the name and department of each employee given an award during the previous academic year and the amount and nature of the award.

11.5 2018-2021 Discretionary Awards and Increases. During the 2018-2019, the 2019-2020, and the 2020-2021 academic year, the FIU Board of Trustees or designee may provide additional salary increases and/or one-time awards totaling no more than one percent (1.0%) of the total employee payroll as of the last full pay period of the prior academic year. These increases may be provided for market equity considerations, including verified counteroffers and compression/inversion; increased duties and responsibilities; special achievements; Summer Faculty Research Awards; litigation/settlements; and similar special situations. No later than July 30 of each year, the University shall provide a listing of the distribution of these funds to the local chapter of UFF. This list will provide the name and department of the employee and the date, amount and nature of the award or salary increase during the prior academic year.

11.6 Promotion Increases. Effective at the beginning of the academic year in which their promotions are effective, employees shall be awarded promotion increases as follows:

   (a) To Assistant University Librarian or Assistant Professor a eleven percent (11%) increase;
   (b) To Senior Lecturer, Senior Instructor, Associate Scholar/Scientist/Engineer (Research Associate Professor), Associate University Librarian, Associate Teaching Professor, or Associate Professor, a twelve percent (12%) increase;
   (c) To University Lecturer, University Instructor, Scholar/Scientist/Engineer (Research Professor), University Librarian, Teaching Professor, or Professor, a fourteen percent (14%) increase.

11.7 Notification to Employees. All employees shall receive notice of their salary increases on the Salary Increase Notification Form attached as an Appendix to this
Agreement not later than two weeks prior to implementation of the salary increases described in this article. Upon request, an employee shall have the opportunity to consult with the person or committee that makes the initial recommendation for salary increases.

11.8 Contract and Grant-Funded Employees.

(a) Employees on grants or contracts shall receive salary increases equivalent to similar employees on regular funding, provided that such salary increases are permitted by the terms of the contract or grant and adequate funds are available for this purpose in the grant or contract. In the event such salary increases are not permitted by the terms of the contract or grant, or in the event adequate funds are not provided, the President or representative shall seek to have the contract or grant modified to permit such increases.

(b) Nothing contained herein shall prevent employees whose salaries are funded by grant agencies from being allotted raises higher than those provided in this Agreement.

11.9 Report to UFF. Except as otherwise provided in this Article 11, no later than 30 days after any increases or bonuses are implemented, the University shall make available to the local chapter of the UFF, in machine-readable format, accurately by category, all increases provided pursuant to this Article, showing for each employee the employee’s department, rank, gender, the base salary prior to the increase, the amount of the salary increase or merit bonus provided and the base salary after the salary increase.

11.10 Type of Payment.

(a) For the academic year, duties and responsibilities assigned by the University to an employee that do not exceed the available established FTE for the position shall be compensated through the payment of Salary, not by OPS.

(b) For the academic year, duties and responsibilities assigned by the University to an employee that are in addition to the available established FTE for the position shall be compensated through OPS and not Salary.

11.11 Grievability. The only issues to be addressed in a grievance filed pursuant to the Article on Grievance Procedure alleging violation of this Article are whether there is unlawful discrimination under Article 6, or whether there is an arbitrary and capricious application of the provisions of one or more sections of this Article.

11.12 Eligibility. Except as otherwise specified in this Article, an “eligible employee” for the purposes of this Article shall be defined as an employee who has received at least a
satisfactory rating overall on his or her most recent annual evaluation. Where no evaluation was given for assigned responsibilities, performance shall be presumed to have been at least satisfactory overall. Employees on paid or unpaid leave who have not had assigned responsibilities during all or part of the previous Academic Year shall be presumed to have been at least satisfactory overall for purposes of qualifying as an “eligible employee” for purposes of this Article.

11.11 Distinguished University Professor. The Provost shall designate up to five Distinguished University Professors each year and the individuals selected will each receive a $5,000 base salary adjustment as part of the annual salary increase process in the academic year following their selection as Distinguished University Professors. If the proposed change requires notice in accordance with the terms set forth in any applicable provision of the BOT-UFF Agreement or any applicable BOT-UFF Policy, the period required for reasonable advance notice shall be as set forth in the applicable Agreement or Policy.

(b) Summer Appointments.

(1) Available supplemental summer appointments shall be offered equitably and as appropriate to qualified employees, not later than five weeks prior to the beginning of the appointment, if practicable, in accordance with written criteria. The criteria shall be made available in each department/unit.

(2) Supplemental summer appointments shall be made in accordance with Section 1012.945, Florida Statutes (the "twelve-hour law").

(3) Compensation. Compensation for summer employment shall be 12.5% of the employee’s 9-month base salary for each course assigned, based on three (3) credit-hour courses. Compensation for courses of more or fewer than three credit hours shall be prorated.

(4) The instructional FTE will ordinarily be that assigned to a course offered during the academic year which is the same or similar to that being offered in the summer. This academic year instructional assignment may not exceed .25 FTE for a 3-contact-hour course, except that contact hour equivalencies may be assigned for classroom instructional activities which involve unusual and significant requirements for classroom preparation, conduct of classes, student evaluation, etc. The academic year FTE will be increased during the supplemental summer appointment proportional to the shorter length of the summer terms. Contact hour equivalencies may be assigned in the summer for classroom instructional activities which involve unusual and significant requirements for class preparation, conduct of classes, student evaluation, etc. These assigned FTEs also will be proportionally greater in the summer than in the academic year in recognition of the shorter length of the summer terms.

(5) The instructional FTE assignment described in 5(b)(4), above, does not include other credit-generating activities such as thesis/dissertation supervision, directed individual studies, supervised research/teaching, and supervision of student interns. These activities, as well as Research or Service activities, may be assigned by the University during the summer term as contact hour equivalents to teaching a course or as "Other FTE" but are not a part of the instructional FTE assignment described in 5(b)(4), need not be assigned in conjunction with the summer instructional assignment, and need not be allocated according to the same FTE equivalent as during the academic year. Any such reduction in FTE must, however, correspond to an appropriate reduction in assigned duties.

(6) The instructional FTE assignment described in 5(b)(4) above shall include normal activities related to such an instructional assignment as defined by the department/unit and the nature of the course, such as office hours, course preparation, minor curriculum development, lectures, and grading.

In addition, during any summer term (A, B or C) in which an employee has a summer instructional appointment, the employee may be required to attend no more than two (2) hours of department/unit or university meetings required for collegial activities of particular urgency.

(c) Extra Compensation Appointments.

Extra compensation is defined as compensation for any duties (including work activities previously designated as overload) in excess of a full appointment (1.0 FTE). Available extra compensation appointments within the University shall be offered equitably and as appropriate to qualified employees in sufficient time to allow voluntary acceptance or rejection and are subject to the applicable provisions of the Salary Article in the BOT-UFF Agreement, except that during the summer term only, duties and responsibilities assigned by the University to an employee for non-credit generating activities that do not exceed the available established FTE for the position may be compensated through OPS, not Salary. Prior approval for extra compensation activity must be obtained from the employee’s immediate supervisor. Twelve-month employees who have been approved to perform extra compensation activity during the employee’s normal working hours must use accrued vacation leave during the hours of the extra compensation activity.

(d) Visiting Appointments.

A "visiting" appointment is one made to a person having appropriate professional qualifications but not expected to be available for more than a limited period, or to a person in a position which the University does not expect to be available for more than a limited period. A visiting appointment may be offered in single or multi-year appointments not to exceed a total of four (4) consecutive years.

(e) Adjunct Appointments.

The use of adjuncts at a University shall, upon the request of the UFF be a subject of consultation under the provisions of the BOT-UFF Agreement.

55 years of age;
(g) Tenured employees who decide to give up their tenured status to  
take advantage of whatever incentives might be offered by a fixed  
multi-year appointment;
(h) Individuals who have held the rank of full professor for at least seven  
(7) years at an institution of higher education; and
(i) Individuals with substantial, highly specialized professional experience  
who do not have terminal degrees that would qualify them for  
tenure-earning positions.

(2) Employees holding such fixed multi-year appointments may be terminated  
early under the provisions of Article 8 Layoff and Recall and under the BOT-  
UFF Policy on Disciplinary Action.

(3) Successive fixed multi-year appointments may be offered to eligible  
employees hired pursuant to Section 5(f)(1), above, as follows:

(a) Criteria used to determine in which instances to offer successive  
appointments include consideration of the basis for the initial fixed  
multi-year appointment, evaluation of performance, professional  
growth, extent and currency of professional qualifications,  
contribution to the mission of the department or program,  
staffing needs, funding source alternatives, and continuing program  
considerations. Such criteria shall be in writing and available to all  
eligible employees.

(b) The employee will be advised in the penultimate year of the  
appointment that to be considered for a successive fixed multi-year  
appointment, the employee must submit a request and written

BOTT-UFF POLICY

ASSIGNMENT OF RESPONSIBILITIES

Purpose: To describe principles and considerations governing assignment of professional responsibilities for employees.

Policy:

1) Professional Obligations. An employee’s professional obligation comprises both scheduled and non-scheduled activities. It is a part of the professional responsibility of employees to carry out their duties in an appropriate manner and place. For example, while instructional activities, office hours, student advising, and certain other duties and responsibilities, may be required to be performed at a specific time and place, other non-scheduled activities are more appropriately performed in a manner and place determined by the employee in consultation with his/her supervisor.

2) Annual Assignments. Prior to the beginning of each year of employment, each employee shall be apprised in writing of his/her annual assignment of duties in teaching, research and other creative activities, public service, and of any other specific duties assigned for that year. Except for the initial assignment, the person responsible for making the assignment shall notify the employee prior to making the final written assignment. The assignment shall be communicated to employees no later than six (6) weeks in advance of its starting date, if practicable. Such assignment of responsibilities document shall be signed and dated by both the employee and the person responsible for making the assignment.

3) Considerations in Assignment.

(A) The employee shall be granted, upon written request, a conference with the person responsible for making the assignment to express concerns regarding:

(i) the needs of the program or department/unit;

(ii) the employee’s qualifications and experiences, including professional growth and development and preferences;

(iii) the character of the assignment, including but not limited to the number of hours of instruction, the preparation required, whether the employee has taught the course in the past, the average number of students enrolled in the course in past semesters and the time required by the course, whether travel to another location is required, whether the development of...
instructional technology, online or electronic courses is required, the number of preparations required, the employee's assignments in other semesters, the terms and conditions of a contract or grant from which the employee is compensated, the use of instructional technology, the availability and adequacy of materials and equipment, secretarial services, student assistants, and other support services needed to perform the assignments, and any changes which have been made in the assignment, including those which may have resulted from previous evaluations of the employee; and

(iv) the opportunity to fulfill applicable criteria for tenure, promotion, successive fixed multi-year appointments, and merit salary increases.

(v) the assignment in the event that it includes the development of an online course, the time required to prepare the materials, the aptitude of the employee to deliver the online course and the support to be provided.

(B) If the conference with the person responsible for making the assignment does not resolve the employee's concerns, the employee shall be granted, upon written request, an opportunity to discuss those concerns with an administrator at the next higher level.

(C) Although the Legislature has described the minimum full academic assignment in terms of twelve (12) contact hours of instruction or equivalent research/scholarship and service, the professional obligation undertaken by an employee will ordinarily be broader than that minimum. In making assignments, the University has the right to determine the types of duties and responsibilities that comprise the professional obligation and to determine the mix or relative proportion of effort an employee may be required to expend on the various components of the obligation. These assignments, including platform of delivery, shall accord with the written policies and/or procedures developed by each department/unit and approved by the university ("Differential Assignment Policies Procedures"). The employees of each department/unit who are eligible to vote in department/unit governance shall participate in the development of these policies and shall recommend implementation by vote of a majority of at least a quorum of those employees.

(i) The proposed policies, or revisions thereof, shall be first reviewed at the College level by the Dean for consistency with College missions and goals and then reviewed by the Provost or designee to ensure that they are
consistent with the mission and goals of the University and that they comply with the BOT-UFF Agreement and all relevant University policies.

(ii) If the Provost or designee determines that the recommended policies are not consistent with the missions and goals of the University, the BOT-UFF Agreement, or relevant University policies, the proposal shall be referred to the department/unit for revision with a written statement of reasons for non-approval. Upon final approval of the Provost or designee, the policies will become effective at the beginning of the next evaluation period unless otherwise agreed.

(iii) All approved policies, and revisions thereof, shall be kept on file in the department/unit office and may be placed on the University website for access by employees and the UFF chapter. Upon request, employees in each department/unit shall be provided a copy of that department/unit's current policies for differential assignment.

(D) The University properly has the obligation constantly to monitor and review the size and number of classes and other activities, to consolidate inappropriately small offerings, and to reduce inappropriately large classes.

(E) No employee's assignment, including the platform of delivery, shall be imposed arbitrarily or unreasonably. If an employee believes that the assignment has been so imposed, the employee should proceed to address the matter through the expedited procedure contained in the Neutral, Internal Resolution of Policy Disputes process. Other claims of alleged violations of this Policy with respect to an employee’s assignments are subject to the Neutral, Internal Resolution of Policy Disputes process.

(F) Instructional Assignment. The period of an instructional assignment during an academic year shall not exceed an average of seventy-five (75) days per semester, and the period for testing, advisement, and other scheduled assignments shall not exceed an average of ten (10) days per semester. Within each semester, activities referred to above shall be scheduled during contiguous weeks with the exception of spring break, if any.

(G) Change in Assignment. Should it become necessary to make changes in an employee's assignment, the person responsible for making the change shall notify the employee prior to making such change and shall specify such change in writing.

(4) **Equitable Opportunity.** Each employee shall be given assignments that provide equitable opportunities, in relation to other employees in the same department/unit, to meet the required criteria for tenure, promotion, successive fixed multi-year appointments, and merit salary increases.

(A) For the purpose of applying this principle to promotion, assignments shall be considered over the entire period since the original appointment or since the last promotion, not solely over the period of a single annual assignment. The period under consideration at this University shall not be less than four years.

(B) For the purpose of applying this principle to tenure, assignments shall be considered over the entire period of tenure-earning service and not solely over the period of a single annual assignment.

(C) If it is determined that an employee was not provided an equitable opportunity for tenure, as described in this section, the employee may be awarded an additional period of employment requiring the University to provide the equitable opportunity as described herein. In ensuing assignments, the Provost or designee must enforce the decision regarding equitable opportunity.

(5) **Summer Assignment.** The summer instructional assignment, like that for the academic year, includes normal activities related to such an assignment as defined by the department/unit and the nature of the course, such as office hours, course preparation, minor curriculum development, lectures, and grading.

When a summer instructional appointment immediately follows the academic year appointment, the employee may be assigned reasonable and necessary non-instructional duties related to the summer instructional appointment prior to the conclusion of the academic year appointment.

(6) **Place of Employment.**

(A) Principal. Each employee shall be assigned one principal place of employment, as stated in the initial letter of offer. Where possible, an employee shall be given at least nine (9) months’ notice of a change in principal place of employment. The employee shall be granted, upon written request, a conference with the person responsible for making the change to express concerns regarding such change. Voluntary changes and available new positions within the department shall be considered prior to involuntary changes.

(B) Secondary. Each employee, where possible, shall be given at least ninety (90) days written notice of assignment to a secondary place of employment, more than fifteen (15) miles from the employee’s principal place of employment. The employee shall be granted, upon written request, a conference with the person responsible for making the change to express concerns regarding such change. If the assignment to a secondary place of employment is made within a regular full-time appointment, the supervisor shall make an appropriate adjustment in the assignment in recognition of time spent traveling to a secondary place of employment. Necessary travel expenses, including overnight lodging and meals for all assignments not at the employees’ principal place of employment shall be paid at the State rate and in accordance with the applicable provisions of State law. In the event the BOT establishes a new campus, center or similar worksite, either party may request that the provisions of this Policy may be reopened for further bargaining.

(7) Teaching Schedule. Teaching schedules shall be established, if practicable, so that the time between the beginning of the first assignment and the end of the last for any one day does not exceed eight (8) hours.

(8) Resources.

(A) Equipment and Materials. When equipment and materials (e.g. photocopies) and/or other resources are reasonably required for classes or to perform other assigned responsibilities there shall be sufficient resources, equipment and materials to allow the performance of assigned responsibilities and to accommodate the students assigned to classes. Employees who prepare course materials for copying at least three (3) working days in advance shall be provided a reasonable number of photocopies at University expense. The provisions of this paragraph shall not be subject to Step 3 of the Neutral, Internal Resolution of Policy Disputes process.

(B) Research Space. Employees who require research space for performance of their assigned responsibilities shall be allocated suitable research space as determined by the University. Every new employee who is promised research space under the terms of his or her letter of offer shall be provided space within the time designated in his or her letter of offer. If occupation of the space is not available within the agreed upon time, the University will provide monthly progress reports to the employee, department chair and Dean with expected availability dates. Employees will be provided at least six (6) months’ notice of the need to vacate assigned research space. Tenure-earning employees will retain allocated research space for the first three (3) years of appointment unless another
location is mutually agreed upon.

(9) **Workweek.** Scheduled hours of all assigned duties for all employees shall not normally exceed forty (40) hours per week. Time shall be allowed within the normal working day for research, teaching, or other activities required of the employee, when a part of the assigned duties. The BOT-UFF Policy on Leaves shall govern schedule adjustment for holiday assignment.

(10) **Instructional Technology.**
(A) Given the potential of continued growth and emphasis on courses utilizing instructional technology, it is recognized that special considerations in assignment may be necessary, including, but not limited to,

(i) compensation enhancement and/or adjustment of assignment;
(ii) availability of support services, including instructional design support;
(iii) training and development; and
(iv) necessary equipment.

(B) **Online Courses.**
(i) **Definition of an Online Course.** For purposes of this Policy, a course is considered online when at least 80% of the class meetings that would be held for a standard classroom course are replaced by online activities. The parties recognize that employee effort spent in the development of online course materials and in providing online instruction may be greater than that associated with similar face-to-face courses and should be taken into consideration, as appropriate, in determining compensation and assignment.

(ii) **Faculty who are assigned an online course shall receive University support in creating and facilitating that course.** For the purpose of this subsection only, "University support" shall mean: No employee shall be required to teach a course as an online course, nor shall an employee be excluded from teaching a course that he or she is otherwise qualified to teach because he or she does not agree to teach the course as an online course unless the course is only offered online.

a. Access to and use of readily available technology (i.e. laptops, video/audio recording) and information technology support
b. FIU Online instructional designer basic support (i.e. syllabus and assignment formatting, LMS navigation) **Basic FIU Online instructional design services** (i.e. Course design and pedagogical
consultation, best practice recommendations, capacity building, course formatting and maintenance support)
c. Access to FIU Online training and development opportunities
d. Any support related to structural course requirements as determined by the Board of Governors, Board of Trustees, or relevant accrediting agencies

(iii) For purposes of this subsection only, the term “appreciable University support” shall mean the use of special services (such as the FIU online instructional design services beyond the basic FIU online instructional design services described above in 10.b.ii.), equipment, or facilities provided by the University beyond those outlined in 10.B.ii. for the preparation of online course materials. No faculty member shall be compelled to use appreciable university support in their online instruction, and all faculty must positively affirm their use of appreciable support

a. Online Course Rights and Releases Without Extra Compensation or Course Release.
Employees who develop or substantially revise instructional materials for an online course without extra compensation, course release or without appreciable University support the use of FIU online instructional design services provided by the University maintain full ownership of those online courses. Employees who develop or substantially revise instructional materials for an online course without extra compensation or course release, but with appreciable University support the use of FIU online instructional design services provided by the University maintain full ownership of those online courses, but grants FIU a limited three-year non-exclusive license to allow others to use such course materials to teach an online section of the same course.

b. Online Course Rights and Releases With Extra Compensation or Course Release
Employees who develop or substantially revise instructional materials for an online course with extra compensation, either a three-credit-hour course release or compensation of $500 per credit hour at the discretion of the Supervisor, maintain ownership of the instructional content of the online course, but FIU maintains ownership of the technical design of the online course and has a
limited non-exclusive license to allow others the use of some or all of such course materials to teach an online section of the same course for a period of three (3) years.

c. **Use of Online Instructional Materials**

Except for the use permitted in paragraph 10 of the BOT-UFF Policy on the Assignment of Responsibilities, no employee teaching an online course shall be required as a condition of teaching that course to allow the copying, distribution, public performance or display of the employee’s instructional materials or the creation of derivative works based on the employee’s instructional materials. FIU shall use reasonable efforts to prevent the unauthorized copying, distribution, performance or display of the employee’s instructional materials or the creation of derivative works based on the employee’s instructional materials through such means as password protection of access to online courses and technologies that prevent downloading or the retransmission of instructional materials without authorization under this Article or the employee’s express consent.

d. **Compensation for Online Course Development**

Employees who develop or substantially revise instructional materials for an online course without extra compensation, course release, or without appreciable University support the use of FIU online instructional design services provided by the University and has another individual use substantially all of such materials in a course, will be paid $500 for each time a section of the course is offered up to a maximum of $5,000 per course during the three year limited non-exclusive license period.

(iv) Assignment percentages and compensation set forth in this paragraph are based on a three-credit-hour course. Assignment percentages and compensation for courses of fewer or more than three credit hours shall be prorated.

(v) The parties recognize the need in certain limited circumstances to video capture lectures for the educational benefit of students. Reasonable efforts will be made at the time of annual/semester assignment to accommodate employees who do not wish to have lectures or discussions recorded. If an employee teaches courses in a room...
equipped for recording of class lectures and discussions, the University will make reasonable efforts to insure that the recording of the lecture or discussion does not interfere with classroom instruction. Such efforts will include insuring that equipment used for recording is unobtrusive and maintained in good working order and that students in the classroom are informed in advance by the University that lectures and discussions will be recorded and distributed online. No one who is not enrolled in the section(s) being recorded will be granted access to recorded lectures and discussions in that class except as approved by the employee. The University shall make reasonable efforts to insure that recorded lectures cannot be downloaded for further distribution. Following the final examination date published by the University for that Class Section, all student access to recorded lectures and discussions will be blocked and all recordings will be erased unless the employee requests a copy for his or her own use. Such recordings shall not be used to evaluate an employee’s teaching unless the employee elects to submit such recordings as part of the annual evaluation process. Notwithstanding the recording or distribution of class lectures or discussion pursuant to this paragraph, the copyright in such instructional material shall remain the property of the employee. Whether or not lectures and discussions are recorded and made available to students online, the employee shall have academic freedom to determine grades, including whether attendance and participation will be a factor in students’ grades.

(11) When an employee is assigned to teach a face-to-face, a hybrid course, or an online as an overload assignment, being a course for credit in addition to their full regular assignment, the compensation for the overload assignment will be a minimum of $1,000.00 per credit hour for the course.
BOT-UFF
POLICY ON NON-REAPPOINTMENT

(2) Notice.
   (a) All employees, except those described in (b)(i) and (c) below are entitled to the following written notice that they will not be offered further appointment:

      (ii) For employees with two (2) or more years of continuous University service one year; or

      (iii) For non-tenure track faculty members who are not on a fixed multi-year or visiting appointment the non-reappointment process will be the following.

       (i) The PIP will be developed by the faculty member’s supervisor in concert with the faculty member and will be communicated in writing.

       (a) The PIP will address deficiency that caused the overall "Unsatisfactory" rating and identify specific performance goals for the following year that, if met, will result in at least a “Satisfactory” overall rating on the faculty member’s subsequent Annual Evaluation.

       (b) The PIP will provide specific performance goals agreed to by the faculty member, the chair and the dean.

       (c) The PIP must be developed and agreed to in writing by both the faculty member and department chair no later than 30 days prior to the start of the contract period in which the Continued Employment Probation will occur.

(ii) In the first Annual Performance Evaluation under the Continued Employment Probation period, the department chair will review the faculty member’s progress in meeting the performance goals agreed to in the PIP. If the performance goals have been met, the Probation will be lifted and the faculty member restored to a normal faculty contract. No additional penalties will attach to the faculty member’s appointment as a result of the probationary term.

(b) Non-Reappointment. Notice of non-reappointment may be given to non-tenure track faculty members in accordance with (2)(a)(i) and (ii) above only after: 1) the faculty member has been placed on Continued Employment Probation for a year; and 2) over the course of a year of evaluation and consultation, the faculty member on Continued Employment Probation has not met the agreed upon goals of the Performance Improvement Plan; and 3) the faculty member has received a second consecutive “Unsatisfactory” overall rating on their Annual Evaluation or three “Unsatisfactory” overall ratings on their Annual Evaluations over a consecutive five-year period.

(b) Employees who are on "soft money," e.g., contracts and grants, sponsored research funds, and grants and donations trust funds, except those described in Section (2)(a)(iii), above, are entitled to the following written notice that they will not be offered further appointment:

(i) For employees in their first five (5) years of continuous University service, no notice need be provided and the statement in (d), below, shall be included in their letter of offer or notice of change in appointment; or
(ii) For employees with five (5) or more years of continuous University service, ninety (90) days' notice shall be provided contingent upon funds being available in the contract or grant.

(c) Employees who are appointed for less than one (1) academic year, who are appointed to a visiting appointment, who are appointed to a fixed multi-year appointment and employees employed in an auxiliary entity, are not entitled to notice that they will not be offered further appointment, and the statement in (d), below, shall be included in their letter of offer or notice of change in appointment.

(d) Employees described in (b)(i) and (c), above, shall have the following statement included in their letter of offer or appointment:

Your employment under this letter of offer or appointment will cease on the date indicated. No further notice of cessation of employment is required.

(e) An employee who is entitled to written notice of non-reappointment in accordance with the provisions of Section (2) who receives written notice that the employee will not be offered further appointment shall be entitled, upon written request within twenty (20) days following receipt of such notice, to a written statement of the basis for the decision not to reappoint. Thereafter, the President or designee shall provide such statement within twenty (20) days following receipt of such request. All such notices and statements are to be sent by certified mail, return receipt requested, or delivered in person to the employee with written documentation of receipt obtained.

(3) Complaints Regarding Non-Reappointment. The decision to not reappoint is not subject to the BOT-UFF Policy on Neutral, Internal Resolution of Policy Disputes, or the contractual grievance process except that an employee who receives written notice of non-reappointment may contest the decision, pursuant to the Neutral, Internal Resolution of Policy Disputes process because of an alleged violation of a specific term of a BOT-UFF Policy or pursuant to the contractual grievance process because of an alleged violation of the BOT-UFF Agreement or because of an alleged violation of the employee’s constitutional rights. Such complaints or grievances must be filed within thirty (30) days of receipt of the statement of the basis for the decision not to reappoint pursuant to Section (2)(e) or receipt of the notice of non-reappointment if no statement is requested.

(4) Non-Reappointment Considerations. If the decision not to reappoint was based solely upon adverse financial circumstances, reallocation of resources, reorganization of degree or curriculum offerings or requirements, reorganization of academic or administrative structures, programs, or functions, and/or curtailment or abolition of one or more programs or functions, the University shall take the following actions:

Policy:
In order to be considered for promotion, an employee shall meet the qualifications for initial appointment to the proposed rank and successful performance at the level of the qualifications corresponding to that rank.

Promotion decisions are not merely a totaling of an employee's annual performance evaluations. Rather, the University, through its faculty, librarians, professional employees, and administrators, assesses the employee’s potential for growth and scholarly contribution as well as past meritorious performance.

Procedures:
(1) Eligibility: Employees classified as Instructor, Lecturer, Senior Instructor, Senior Lecturer, Instructor Librarian, Assistant University Librarian, Associate University Librarian, Assistant Teaching Professor, Associate Teaching Professor, Assistant Scholar/Scientist/Engineer (Research Assistant Professor), Associate Scholar/Scientist/Engineer (Research Associate Professor), Assistant Professor, Associate Professor, Research Associate, Senior Research Associate, Instructional Specialist, and Senior Instructional Specialist shall be eligible to apply for promotion. Employees appointed with the modifiers “Clinical” or “Professional Practice” shall be eligible for promotion. Employees appointed with the modifier “Visiting” shall not be eligible for promotion.

(2) Annual Promotion Appraisals. Upon annual written request, beginning with the second year of employment, employees eligible for promotion shall be apprised of their progress toward promotion. The promotion appraisal shall be included as a separate component of the annual evaluation and is intended to provide assistance and counseling to candidates to help them to qualify themselves for promotion. The employee may request, in writing, a meeting with an administrator at the next highest level to discuss concerns regarding the promotion appraisal that were not resolved in discussions with the employee's supervisor. The promotion appraisals shall not be the sole basis for a decision concerning the employee's application for promotion.

(3) Promotion Criteria and Procedures.
Each college/school and/or department/unit, as its faculty deem appropriate, subject to the approval of the Dean/Director and Provost, shall adopt its own promotion criteria and procedures, consistent with University-wide criteria and procedures, and reflecting the particular mission and disciplinary requirements specific to the academic unit. Policies on the promotion process must include a poll by secret ballot of the members of the employee’s department/unit concerning the employee’s promotion application, in accordance with criteria for voting set out by the employee’s department/unit. Such criteria and procedures, as appropriate to the academic unit, shall provide for promotion to Senior Lecturer, Senior Instructor, University Lecturer, University Instructor, Associate Teaching Professor, Teaching Professor, Assistant University Librarian, Associate University Librarian, University Librarian, Associate Scholar/Scientist/Engineer (Research Associate Professor), Scholar/Scientist/Engineer (Research Professor), Associate Professor, Professor, Research Associate, Senior Research Associate, Instructional Specialist, and Senior Instructional Specialist. In the event that through the University’s Strategic Planning process there is a recommendation different than the process defined in this policy, the parties agree to renegotiate this policy without the use of a reopener.

(a) Any proposal to develop or modify promotion criteria or procedures shall be available for discussion and a vote by members of the affected departments/units before adoption. Promotion decisions shall be a result of meritorious performance and shall be based upon established criteria and procedures specified in writing by the University. Promotion criteria and procedures shall be available in the departmental/unit office and/or at the college/unit level online. The University may modify promotion criteria or procedures so long as the UFF Chapter has been notified of the proposed changes and offered an opportunity to discuss such changes in consultation with the Provost or designee. Changes in promotion criteria or procedures shall not become effective until one (1) year following adoption of the changes, unless mutually agreed to in writing by the UFF Chapter President and the Provost. The date of adoption shall be the date on which the changes are approved by the Provost.

(b) In the matter of promotion to Senior Lecturer, Senior Instructor, University Lecturer and University Instructor, Associate Teaching Professor, and Teaching Professor, the Provost, in accordance with the university governance process and subject to consultation with UFF, shall determine the criteria and procedures. All faculty in the instructor ranks before September 2020 shall be laterally reclassified to an equivalent teaching professor rank. When a lateral reclassification occurs and there is no break in service, time in the Instructor rank shall count towards promotion. In no case will a faculty member be reclassified to an equivalently higher rank without going through the promotion process.

(c) The Promotion File. Prior to the consideration of the employee’s promotion, the employee shall have the right to review the contents of the promotion file and may attach a brief response to any material therein. However, each department/unit shall decide by a democratic vote of the tenured and tenure-earning employees and according to that
department’s/unit’s procedures, whether the candidates in its area will have access to the external reviewers’ letters. A change in the policy by a new vote shall not become effective until one (1) year following the new vote, unless the employee chooses to have the access to the external letters be subject to the newly adopted policy. It is the responsibility of the employee to see that the file is complete and contains no material misrepresentation by the employee. If any material is added to the promotion file after the commencement of consideration, a copy shall be sent to the employee within five (5) days (by personal delivery or by mail, return receipt requested). The employee may attach a brief response within five (5) days of his/her receipt of the added material. The file shall not be forwarded until the employee either submits a response or the second five (5) day period expires, whichever occurs first.

(d) The promotion file shall include a copy of applicable promotion criteria, the employee’s annual assignments, annual evaluations, and the employee’s promotion appraisal(s). The only documents that may be considered in making a promotion recommendation are those contained or referenced in the promotion file.

(4) Notice of Award or Denial of Promotion. The University President shall decide whether to award promotion and shall notify the employee in writing of his or her decision within ten (10) days of that decision. Upon written request by an employee within twenty (20) days of the employee’s receipt of such decision, the University shall provide the employee with a written statement of the reasons why the promotion was denied. Should an employee elect not to request such a written statement of reasons, the date of the act or omission giving rise to a complaint concerning the denial of promotion shall be deemed to be seven (7) days from the date of the employee’s receipt of notice that a promotion shall not be awarded. Should an employee request such a written statement of reasons, the date of the act or omission giving rise to any complaint concerning denial of a promotion shall be deemed the date of the employee’s receipt of a written statement of reasons why promotion was not awarded.

Upon the BOT’s approval, BOG approval of the re-appointment of President Rosenberg will be sought; currently, it is contemplated to be on the BOG’s agenda for an upcoming meeting likely to be in July.
